Canberra ACT 2601

Dear Sir,

RE: White Paper – Waste Sector

Thank you for meeting with members of our association yesterday and clarifying a number of our concerns relating to the operation of the proposed CPRS scheme.

In respect to the issues left with you for further consideration i.e.
the implementation date for separation of legacy waste covered waste;
the operation of the lower threshold; and
methodology for the estimation of the legacy waste liability

Please advise if you require any further information from our members.

Kind regards

Max Spedding
Secretary
