Dear Stephen,

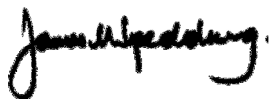

**RE: CPRS – Waste Sector**

Thank you for your telephone call last Friday.

I communicated your concerns regarding last week's press release to the board this morning.

Following discussion I am pleased to be able to confirm that the board is keen to take the opportunity to meet again with your department to discuss the 'non-policy' aspects of the draft legislation. As such please contact me with details of the meeting.

Kind regards

Max Spedding  
Secretary
