REQUEST FOR CONSULTATION PERIOD EXTENSION

Dear Mr Dessi,

This letter formally requests an extension on the consultation period for the Carbon Credits (CFI - Landfill Gas) Methodology Determination Variation 2019 Exposure Draft.

Industry believes the five-day period between the industry briefing and the submission deadline is insufficient to allow it to adequately address the complex issues raised in the exposure draft.

Therefore, we would like the consultation period extended to COB Friday, April 26 in order to give all stakeholders adequate time to respond.

Yours sincerely

Colin Sweet
CEO ALOA
